Minutes of the October meeting. Approved.

Prescription fluoride and rinses. (Tabled) Ellen contacted Jay at the Pharmacy Board and was informed that adding hygienists would require rule changes. This item will remain tabled while Ellen contacts other boards within our state to see how their rules address this.

The committee discussed rules past, present and future. There are some rules that need correction and some rules that must be added. The committee discussed infection control as well. Recommendations from last month will be reviewed by the Board in December.
